

Enhance your Wedding Weekend with your very own Personal Chef

Congratulations on your engagement! Most couples think of traditional catering companies when it comes to planning their wedding food. While a personal chef is not specifically a caterer, a team such as ours at Honest to Goodness is very experienced in catering at your home or venue to prepare the freshest cuisine onsite.

When you hire Honest to Goodness for your intimate wedding gatherings, you will enjoy a highly personalized experience to celebrate you and your partner and impress your guests.

A personal chef excels in other wedding events such as your:

- Engagement Party
- Bridal Shower
- Bachelor & Bachelorette Party
- Rehearsal Dinner
- Post-Wedding Brunch
- (don't forget the Baby Shower!)

Contact Honest to Goodness today to discuss your wedding plans and the most personalized approach to your catering. Aside from the dress, your guests will remember the food!

"We hired Honest to Goodness for our backyard wedding. The service was above and beyond. Our chef was excellent! He was so efficient, and we felt very safe and comfortable with his COVID safety measures. The food was delicious!"
